

Finding the right new owners for any school is a delicate business. For a Special School, it's especially sensitive.

Let us introduce ourselves. We are The School Transfer Company. (You may not have heard of us, although we have been going for 22 years. We don't exactly shout our name from the rooftops.)

We are a unique confidential brokerage run by experienced school owners. We specialise only in educational enterprises.

Until recently, although we have always sold some Special Schools, most of our work has been in the mainstream: Prep Schools, Sixth Form Colleges, International Schools, Nurseries ...

In the last couple of years, however, we have noticed there has been a particularly strong new demand for Special Schools, right across the spectrum. (We are selling two this month, for example.)

There are plenty of buyers for Special Schools and most of them are very well funded. Some we can recommend warmly – because we have concluded straightforward deals on a planned timetable with them. Others we have dealt with are, we feel, best avoided. It is the latter category who are tending to make direct approaches to schools at present.

It really is a good idea to come to us first when you're selling. Our advice costs nothing – we don't even charge to visit you anywhere in Europe. Our service is friendly, understanding and experienced. We will help you make unbiased, informed decisions.

As you know, it is always better to have more than one horse in a race and we aim to supply a full, competitive and healthy field of runners. Result: the best buyers and the best price for your business. All with the minimum of pressure and stress.

No sale, no fee. No lock-in period.

Do please visit our website and give us a call.
